RE: Request for Sales Tax Exemption for the City of Mountain View
NPDES Permit AR0020117C – AFIN 69-00011

Dear Mr. Franks:

The Department concurs that the equipment described in your request dated September 26, 2006, may be used to abate or control environmental pollution. This letter therefore serves as the documentation required by the Arkansas Department of Finance and Administration (DF&A) Regulation GR-66 for a sales or use tax exemption under A.C.A. § 26-52-402.

Please be advised, however, that the issuance of this letter does not guarantee that all items used in your proposal will qualify for the exemption. The DF&A administers this tax exemption and determines which specific items in your proposal qualify as machinery or equipment used to prevent or reduce air or water pollution.

If you have any questions, please call the Office of Revenue Legal Counsel in the Revenue Division of the DF&A at (501) 682-7030 or Mo Shafii of my staff at (501) 682-0616.

Sincerely,

Marcus Devine
Director
