**70-00729**

Dear Mr. Waldrop:

On April 09, 2013, I performed routine compliance inspections of the El Dorado South and North Plants in accordance with the provisions of the Federal Clean Water Act, the Arkansas Water and Air Pollution Control Act, and the regulations promulgated thereunder. This inspection revealed the following violations:

1. The facility did not have adequate calibration records for the fecal coliform bath, drying oven, pH meter and balance. This occurred while the head lab technician was on vacation and a fill in technician was used. **This is a violation of Part II.C.3 of both permits.**

The above items require your immediate attention. Please submit a written response to these findings to the Water Division Inspection Branch of this Department. This response should be mailed to the address at the bottom of the first page of the letter or e-mailed to [Water-Inspection-report@adeq.state.ar.us](mailto:Water-Inspection-report@adeq.state.ar.us). This response should contain documentation describing the course of action taken to correct each item noted. This corrective action should be completed as soon as possible, and the written response with all necessary documentation (i.e. photos) is due by **May 08, 2013**.

If I can be of any assistance, please contact me at 870-862-0680.

Sincerely,

### Section D: Summary of Findings/Comments (Attach additional sheets if necessary)

**Section B.3 & Section F.3:** The facility did not have adequate calibration records for the fecal coliform bath, drying oven, pH meter and balance. This occurred while the head lab technician was on vacation and a fill in technician was used.

**Section E, item 1:** The facility was built and permitted without a primary flow measuring device at the outfall. The facility must pump from the pond to the DAF units. The facility uses the fixed pump rate to check the flow meter.

**Section F, item 2:** The facility does not distill NH3-N samples prior to analysis; however, the facility does have comparability data on hand.

Dear Mr. Waldrop:

I have reviewed the response pertaining to my April 9, 2013 inspections of the El Dorado North and South wastewater treatment facilities.
