NON-COMPLIANCE REPORT

NPDES PERMIT AR0020087

REPORTING PERIOD

2/01/2021 TO 2/28/2021

VIOLATION 1 Regular testing done 2 times instead of the required 3 times. Week of 2/14/2021 thru 2/20/2021

REASON FOR VIOLATIONS: Forrest City was unable to send samples due to extreme weather condition. Heavy snowfalls and icy conditions prohibited the bus from delivering samples to our laboratory. The laboratory was also closed during this time. We were able to get 2 samples in that week.

All other parameters in the permit were in compliance.
