RE: NPDES Permit No. AR0020605, AFIN 10-00061

Dear Ms. Gills:

The Department is reviewing submitted Discharge Monitoring Reports (DMRs) for this facility and has noted the following:

- The DMR for monitoring period ending 12/31/2012, Outfall TX1-Q has not been received

After investigation it appears that the data submitted for Outfall TX1-Q for monitoring period ending 3/31/2013 should have been submitted on the DMR for monitoring period ending 12/31/2012 as, according to the accompanying WET Testing Report, the effluent samples were taken in November 2012 and would therefore be ineligible for use on the first quarter 2013 report.

Submission of a corrected DMR will be necessary. Please submit TX1-Q for monitoring period ending 12/31/2012 as soon as possible but no later than March 29, 2013. Please bear in mind that the WET Testing Report and TX1-Q for monitoring period ending 3/31/2013 is due by 4/25/2013 as well.

Should you have any questions concerning the above referenced compliance issues, please feel free to contact me at 501-682-0631, or you may e-mail me at johnsonm@adeq.state.ar.us.

Sincerely,

Miles Johnson
Enforcement Analyst
