RE: AR0020605/December 2014 DMR

To whom it may concern;

For the month of December we are over our BOD monthly average. Our limit is 30 and we are reporting 34.5. We believe the fluctuating temperatures accounted for a few sporadic effluent sample results. We will continue to monitor and check other possibilities for the overage. If you have any questions please don't hesitate to call.

Regards,

David Thomason
