RE: NPDES Permit No. AR0020605

Dear Mr. Johnson:

For the month of July we did not perform the Total Phosphorus or Nitrate + Nitrite Nitrogen tests. As I stated in a previous letter we were unaware of the permit changes and there was also a discrepancy with the permit itself. All has been corrected and our contract lab picked up the samples today so we will report as normal for August. If you have any questions please do not hesitate to call.

Sincerely,

David Thomason
