**RE: NPDES Permit Number: AR0021211, AFIN: 03-00039
Corrective Action Plan Request**

Dear Mayor Dillard,

A review of the NPDES file for the above mentioned facility for the period of September 1, 2015 through September 30, 2018 reveals the City of Mountain Home has reported fifty-one (51) Sanitary Sewer Overflows (SSOs) totaling over 175,425 gallons in the thirty-six (36) month review period. Sanitary Sewer Overflows are an unpermitted discharge and the Department expects the City of Mountain Home to work towards eliminating them.

The Department requests a Corrective Action Plan (CAP), developed by a Professional Engineer licensed in the state of Arkansas, detailing measures that are being taken or that will be taken to reduce SSOs. Please include the date the facility expects to be in compliance.

Additionally, the Department requests exact locations (with latitude longitude data if available) of all lift stations as well as a location description for each manhole (ex. Manhole #156-060). Your response should reach the Department by **December 14, 2018**.

Any violation of your NPDES Permit is subject to enforcement action by this Department, pursuant to the Arkansas Water and Air Pollution Control Act. The regulations and your NPDES Permit require that you take all reasonable measures necessary to eliminate or prevent the occurrence of violations.

Should you have any questions concerning the above referenced compliance issues, please feel free to contact me at 501-682-0639, or you may e-mail me at bailey.taylor@adeq.state.ar.us.

Sincerely,

A handwritten signature in blue ink that reads "Bailey Taylor".
