RE: ADEQ Response to an Inspection-

NPDES Permit: AR0021466

AFIN: 17-00059

Dear Mr. Yardley,

The Department has received your response to the November 10, 2011 inspection of your facility by our District Field Inspector, Jeff Tyler. The information submitted sufficiently addresses the concerns of the Department. The Department expects the corrective actions taken will be maintained to ensure consistent compliance with the requirements of the permit. Acceptance of this response by the Department does not preclude any future enforcement action deemed necessary at this site or any other site.

The Department will keep the inspection and response on file. If future violations occur that require enforcement action, the Department will consider the inspection and response as required by the Pollution Control and Ecology Commission Regulation No. 7, Civil Penalties. This regulation requires the Department to consider the past history of your site and how expeditiously the violations were addressed in determining any civil penalty that may be necessary for any future violations.

If we need further information concerning this matter, we will contact you. Thank you for your attention to this matter. If you have any questions, please call 501-682-0636 or e-mail [farmers@adeq.state.ar.us](mailto:farmers@adeq.state.ar.us).

Sincerely,

Sandra J Farmer
