**To:** 8:32

Spoke, to Steve Dufrense, he mentioned that the final sampling is scheduled for June for the WER. They are going to draft a letter regarding requesting an extension on the SSES and CMOM. The main plant has been in compliance and Mr. Dufrense will be sending a letter for both achieving compliance with effluent limits for the Main Plant (AR0021482). The second letter will request an extension regarding the SSES and CMOM for both plants in regards to CAO LIS 13-088 for permit numbers AR0021482 and AR0040967.
