<i>Bryan Leamon</i>	<i>ADEQ</i>	<i>Eng. Sup.</i>	<i>leamon5@adeq.state.ar.us</i>	<i>683-57406</i>

REMARKS:

Van Buren Main Plant is a Major and was having issues staying in compliance with the Nitrogen ammonia effluent limits for this plant. Mr. Steve Dufrense has been asked to submit a Corrective Action Plan by January 31, 2017. Our discussions will be centered around the identified causes for these violations of nitrogen ammonia and how and when the corrections can be made.
