

Ms. Gina,

The Acute Toxicity report for the date of 4/1/16-6/30/16 was not taken and reported for City of Osceola, permit # AR0021580. I was under the assumption that since our permit had not yet renewed, that our reduction was still in effect. The lab did not send in test bottles for the sampling and I unknowingly failed to check into it. I'm still a little new to a lot the processes but will prevent from happening again. I hope you can understand and violations or points not go against us.

If there is anything I need to do, please don't hesitate to give me a call.

Thanks,

Brandon Haynes

Osceola W/WW Supt.
