To:d.dawson@searcywater.org <d.dawson@searcywater.org>;

Good afternoon Mr. Dawson,

I was looking at our Permit Schedule Report. Searcy Board of Public Facilities AR0021601 has a report that was due on April 30, 2020. That report had 3 parts that need to be covered.

The report needs to cover "Submit a progress report addressing the progress towards attaining the Final Effluent Limitations for Total Residual Chlorine and C. dubia WET lethal and sub-lethal limits."

This report was required to be submitted by your Permit.

Can you please submit this report to me as soon as possible?

Thank you for your help with this issue.
