Re: Searcy Wastewater Treatment Plant
NPDES Permit No. AR0021601
AFIN No. 73-00055

To Whom It May Concern:

Enclosed you will please find a discharge monitoring report (DMR) for the monthly monitoring period ending October 31, 2013.

We regret to report that due to a communication error, we failed to analyze for Total Phosphorus during this entire monitoring period. Only 3 samples were analyzed for Total Phosphorus in the last week of the month

We are glad to say that we have corrected the situation and we are now analyzing for Total Phosphorus in accordance with the permit requirements.

If you have any questions, please feel free to contact me.

Sincerely,

SEARCY WATER UTILITIES
