Subject: RE: Cabot Sewer Master Plan

Miles,

The City of Cabot plans to hold a special election in 2013 to extend a 1 cent sales tax that will be used to fund Phase II improvements on the Master Plan.

The schedule for infrastructure replacement is provided on the Master Plan with footages. Cabot Waterworks operates approximately 165 miles of wastewater collection system. Our current Master Plan outlines 124,226 feet of pipe to be replaced. This would equate to 14% of the total system.

Good afternoon Mr. Joyner,

The Department has received both your letter and map, which made it to my desk this afternoon, apparently there had been some issues scanning such a large document into the electronic filing system. Regarding Phases II and III, I notice the schedule reads "pending funding". Do you have any kind of tentative timeline for the funding and construction of those phases yet? Can you estimate the percentage of the collection system that will be renewed by the end of the proposed work?

Regards,

Miles Johnson

Miles,

Did you receive my letter sent via US postal service? (attached to this email is the letter that was mailed 8/10/12)

The Master Plan map was attached to the letter.

Good afternoon Mr. Joyner,

Could you please confirm that the Master Plan Map was sent to ADEQ and to whom it was addressed? We will need to review the Map when considering appropriate action for this facility.

Miles,

Please review the attached letter. I plan to mail the original with a large Master Plan Map this afternoon.

Subject: Proposed meeting at ADEQ office

Good morning Mr. Joyner,

I have not heard back from you regarding my proposal to meet at the Department's offices regarding the recent NH3 effluent violations and also to discuss progress being made to prevent SSOs. Please contact me as soon as you can with a few dates that you, your operator and any other staff you might wish to bring, would be available. Currently Wednesday 15th in the morning or Thursday 16th all day look best for our staff here. We look forward to working with you in order to achieve compliance.
