RE: NPDES Permit No. AR0021768, AFIN 58-00105

Dear Mr. Anderson:

This letter is to inform you of City Corporation's operation change at the Pollution Control Facility on Thursday, August 30, 2012. In anticipation of heavy rain due to tropical storm Isaac the West Primary clarifier and North rock trickling filter were placed back in service. The staff will fully monitor plant operations to ensure compliance with permit limits and keep you posted if any other changes are needed.

If you have any questions concerning this report, please contact me at 479-968-5797.

Sincerely,

Larry Collins
Operations Manager
