Re: City of Marion
NPDES Permit No. AR0021971
AFIN- 00110

Dear Baily,

With our last BOD sample of the month of July we became out of compliance by less than one mg/l. We have contacted and now are working with a new consultant to address this ongoing BOD issue. We are making some adjustments to our treatment process and we anticipate coming back into compliance of our permit in September, as we will not have wastewater discharge for the month of August.

Sincerely,

Jim Shempert
