Dear Baily,

We continue to work with our consultant from Momar to address our BOD problem. We have conducted some test, identified an issue and we have formed a plan to implement as early as next week. We think that lagoon turnover that we have this time of year and the issue we have run test for is the reason for non-compliance. We feel our plan of action and our lagoon settling down from turnover we will be back in compliance soon.

Sincerely,

Jim Shempert
