RE: NPDES Permit Tracking Number AR0021971, AFIN 18-00110  
Overdue DMR Request

Dear Mayor Brick:

DEQ has reviewed the records for the above referenced facility and has determined that the TX2-Q and TX2-RT Discharge Monitoring Reports (DMRs) for the monitoring period ending 6/30/2023 are not on file.

DMRs are required to be submitted as long as a Permit is active. The EPA considers missing DMRs to be a matter of Significant Non-Compliance. Left unresolved, this could lead to enforcement action from DEQ, which would come with a civil penalty. If a violation is reported on the DMR, please include a NCR along with your submission. If analysis was not conducted, please write "NODI E" in the data fields for each parameter not analyzed.

Please login to NetDMR and submit the missing DMRs to DEQ no later than **11/2/2023**. Please ensure all future DMRs are submitted by the 25<sup>th</sup> day of the month following the completed monitoring period.

Thank you for your attention in this matter. Should you have questions, feel free to reach out to me at [Kristen.Graham@adeq.state.ar.us](mailto:Kristen.Graham@adeq.state.ar.us) or at 501-682-0758.

Sincerely,

A handwritten signature in black ink that reads "Kristen Graham".
