Importance: High

Good morning,

This is just a friendly reminder that several DMRs for the following monitoring periods for the City of Marion (AR0021971, 18-00110) are overdue:

- **June and July**

DMRs are required to be submitted as long as a Permit is active. The EPA considers missing DMRs to be a matter of Significant Non-Compliance. Left unresolved, this could lead to enforcement action from DEQ, which would come with a civil penalty.

For your convenience, I have attached the missing DMRs. Please have these filled out and returned to me at this email address by **9/14/2023**. As a reminder, DMRs for the August monitoring period are due by **9/25/2023**; I've also attached paper DMRs for that period.

Additionally, I recall Mr. Marshall trying to get set up in NetDMR. I've checked and do see where he's been granted the "edit" role, however, if he intends to be the one to sign/submit the DMRs, he will need to obtain a "signatory" role. This can be requested by logging back into NetDMR and updating the access request to "signatory." Once approved, he can begin signing/submitting DMRs on behalf of the City of Marion.

Thank you,

KRISTEN GRAHAM
