RE: 2018 1 st quarter TX2-Q DMR		
BETWEEN:	OF:	PHONE:
Jim Shempert	City of Marion	870-739-5413
DISCUSSION:		
<p>I called Mr. Shempert after he submitted the TX2-Q DMR for the 1st quarter of 2018 because he reported "NODI 9 – Conditional Monitoring - Not Required This Period." He then informed me the lab did not schedule a sampling event due to personnel change. I told Mr. Shempert to correct the DMR to report "NODI E – No analysis conducted."</p>
