Corrective Action Plan (CAP) Response**

Dear Mayor Fogleman:

The Department received and reviewed the Corrective Action Plan (CAP), dated July 24, 2017, for the above referenced facility. The corrective action required no timeline for compliance, therefore, the Department expects the City of Marion to remain in compliance with effluent limits.

Failure to remain in compliance with effluent limits will result in a proposed enforcement action that will include the assessment of a civil penalty by this Department.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0639 or you may e-mail me at taylor@adeq.state.ar.us.

Sincerely,

A handwritten signature in blue ink that reads "Bailey Taylor".
