JIM SPENCE, CHAIRMAN
OAKLEA PHILLIPS
RICHARD COCKRILL

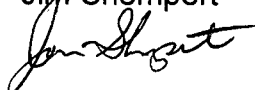

August 21, 2012

Arkansas Department of Environmental Quality
NPDES Enforcement Section
5301 Northshore Drive
Little Rock, Arkansas 72118-5317

Non-Compliance Letter:

As reported last month we are working with both a Chemical and Consulting Engineer to resolve our Ammonia Nitrogen and Total Suspended Solids excursions. We are seeing some results being made with our chemical test made before our Rock Reed Filters. Fecal excursions were the result of a chlorine regulator failure. Repairs have been made to our regulator and ongoing chemical test are being performed for TSS, and N.
