RE: NPDES Permit No.AR0021971
Outfall #002

Dear Alan,

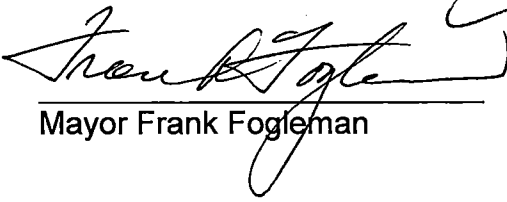

We wrote to you October 19, 2015 concerning overages in our mass loading limits. You and I also had telephone conversation concerning these limits.

Enclosed please find DMR from October. As you can see average flow is still above the 1.6 mgd limit in our previous permit which causes mass loading again for BOD and TSS to be slightly above allowable. With winter rains ahead of us this will be a chronic problem until we reach some resolve in the way our permit is written.

Sincerely,

Jerome Alford, P.E.

Mayor Frank Fogleman
