North Little Rock, AR 72118-5317

Mrs. Daniel,

On April 21, Huntsville Water Contracted Jimmy Jones Construction to haul some belt-press sludge to land-fill from our Wastewater Facility with two dump trucks. As one of the drivers turned onto Klenc Road in Tontitown, his tailgate came unlatched allowing some of the sludge to spill onto the road.

Trying to be proactive in taking care of the situation and having the resources, our department responded to Tontitown to assist Jones Construction in the clean-up with a Vac-Truck. All of the sludge was vacuumed from the roadway and crews from Huntsville Water and Jones Construction are back on-site on April 22 applying lime to the affected areas.

If you have any questions or comments feel free to contact me at 479-738-6929

Sincerely,

A handwritten signature in cursive script that reads "Larry D. Garrett".

Larry D. Garrett
