RE: Decatur Permit Violations Permit Number AR0022292, AFIN 04-00052

Dear Ms. Bolenbaugh,

The Decatur WWTP had permit limit exceedance on our 7 day average, pounds per day and the 30 day average for Ammonia.

Due to our hydraulic loading and treatment time under aeration we are having difficulty with our strict limit on ammonia. We are using supplemental oxygen to help. However on high flow days it is difficult to maintain our 1.6 mg/l limit. We are teamed up with a design build team to help us with our plant expansion. We will continue to strive to have complete compliance.

If you have any questions or concerns please give me a call at 479-752-3912.

Sincerely,

James Boston
