RE: NPDES Permit Number: AR0022292, AFIN 04-00052
No Objection to Proposed Corrective Actions

Dear Mayor Tharp:

The Department has received the letter sent by Decatur on April 28, 2016, in response to the CAO which was proposed by ADEQ on March 11, 2016. Upon review, the proposed corrective actions and timeline were deemed adequate, and the Department has no objection.

A new proposed CAO is currently being drafted which will include the final compliance dates requested by Decatur in the April 28 letter. The penalty reduction which was requested by Decatur will also be considered during the review of this new CAO. Should you wish to discuss this matter further, you may contact me at (501) 682-0823, or you may e-mail barber@adeq.state.ar.us.

Sincerely,
