RE: NPDES Permit Number: AR0022381 , AFIN: 12-00029  
NPDES Permit Violations

Dear

A recent review of the above referenced permit has revealed the following permit violations for the monitoring period ending December 31, 2013:

Discharge Number	Parameter	Violation
TX2-Q	Ceriodaphnia Pass/Fall Static Renewal 7 day Chronic	FAIL
TX2-Q	Ceriodaphnia Low Flow Pass/Fail Survival Test Renewal 7 day Chronic	FAIL

As you know, Arkansas Pollution Control and Ecology Commission regulations and your NPDES Permit require you to take all reasonable measures necessary to eliminate or prevent the occurrence of violations. Please note that any violation of your permit can lead to enforcement action by ADEQ pursuant to the Arkansas Water and Air Pollution Control Act. Also, be aware that we maintain records of violations and of non-compliance reports documenting corrective action to determine the appropriateness and level of the enforcement action.

Thank you for your attention to this matter. Should you have any questions, feel free to contact me at 501-682-0630 or e-mail at [layher@adeq.state.ar.us](mailto:layher@adeq.state.ar.us).

Sincerely,

April Layher
