Layne,

As discussed on the phone, the AR0033723 TX1-B for June 2017 monitoring period was originally submitted on paper DMRs via mail on July 25, 2017. On June 04, 2018, the TX1-B NetDMR for the June 2017 monitoring period was accidentally re-submitted. A comment has been added to the June 2017 TX1-B NetDMR reflect the above information. Please let me know if the City of El Dorado needs to take any further actions.

Thank you,
