We feel this problem was due to:

over 100 geese roosting on the holding pond

We plan on correcting the problem in this manner:

The Arkansas Game & Fish & Arkansas Wildlife Services gave us several non lethal ways to try to relocate them and it is working but we still have some roosting in the pond.

Time estimated that it will take to correct problem:

Maybe another week of the non lethal harassment will remove them from all the lagoons, 1<sup>st</sup> of November 2020 or Arkansas Wildlife services will try something else

Sincerely,
