RE: NPDES Permit No. AR0034380, AFIN 01-00041, Deficient Discharge Monitoring Report (DMR)

Dear Mr. Lawson:

A review of the NPDES file for the above referenced facility revealed that the following Discharge Monitoring Report (DMR) was received by the Department but found to be deficient:

- DMR End Date 02/28/15, Discharge 001A. The DMR did not include sample measurements for Nitrite+Nitrate total, Required Monitoring, MO AVG lb/d, Phosphorus total, Required Monitoring, MO AVG lb/d, Overflows, and Overflow volume.

**Please fax the corrected DMR to 501-682-0880, attention Alan Anderson, no later than June 3, 2015. If you prefer, the corrected DMR can be scanned and e-mailed to the address below.**

Should you have any questions concerning the above referenced compliance issues, please feel free to contact me at 501-682-0635, or you may e-mail me at [anderson@adeq.state.ar.us](mailto:anderson@adeq.state.ar.us).

Sincerely,

Alan Anderson  
Enforcement Analyst  
Water Division / Enforcement Branch
