Subject: Attention Tommy Lawson. RE: Storage Pond Repair Corrective Action Plan

Tommy:

Thank you for submitting the Corrective Action Plan for repair of the storage pond at the City of Stuttgart's wastewater treatment plant. The ADEQ Water Division Enforcement Branch has reviewed the plan and is requesting that the City provide some guidance as to when the repairs will begin. If you could e-mail me a schedule within 15 days, I would greatly appreciate it.

As always, if you need any assistance, do not hesitate to call or e-mail.
