ATTN: Mr. Alan Anderson, Enforcement Analyst
Water Division, Enforcement Branch

RE: NPDES Permit No. AR0034380, AFIN 01-00214
Stuttgart, Arkansas

Dear Mr. Anderson:

This letter is a supplement to our previous letter dated October 28, 2015.
The upgrades to the wastewater treatment plant were made using proceeds
from a bond issue with the City of Stuttgart.

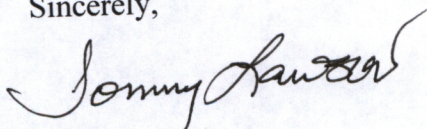

The bar screen and compactor, digester #1 and digester #2,
new aerators, and grit chamber 496,620.80

Replacing media in the filters and
new sludge pump for primary clarifier 45,000.00

Replaced dryer unit for sludge processing 820,500.00

I hope this help to shed some light on the upgrades we have made to
our plant.

Sincerely,

Tommy Lawson
Manager
