RE: NPDES Permit No. AR0036498, AFIN 63-00063
CAO LIS 11-069 / SSES Review

Dear Mr. Johnson:

In response to your letter dated August 20, 2013, please see the following table which identifies the estimated commencement and completion dates to remove infiltration and inflow sources from each basin of the City of Benton's collection system according to the priority number as stated in the SSES. Benton Utilities will continue to budget \$200,000 per year for gravity main projects. This is in addition to completing all manhole repair and rehabilitation with the city's own forces. The final completion date for the City of Benton's collection system rehabilitation and repair as a whole is anticipated to be December 2023.

Please feel free to contact me at 501-776-5984 or you may email me at tmckinney@bentonar.org with any questions or comments concerning this matter.

Sincerely,

Terry McKinney
General Manager
Benton Utilities
