Subject: RE: AR0038466 City of Hope Permit Report Request

Danelle Harbin,

RE: AR0038466 City of Hope Permit Report Request, Part I, Section B of the permit compliance with the final effluent limitations for the sub-lethal WET limits for *P. promelas* and *C. dubia*, Total Recoverable Copper, and Total Recoverable Mercury. We the City of Hope Arkansas WWTP have been in compliance of all of the above limitations for the entire year of 2020. This is our 1st progress report due for this permit we will submit our 2 of 3 reports by 1/31/2022. Thank you and please let me know if you need anything further or have any questions/concerns.

SCOTT ROSS
