RE: Inclement weather/ CBOD 5 frequency change  
Permit Number AR0041335  
Jacksonville Wastewater Utility – J. Albert Johnson Regional Treatment Facility

Dear Ms.: Allen-Daniel

Per our discussion on 3/2/2021 this document is to serve as notice of change in CBOD 5 testing frequency for the month of February 2021 due to inclement weather. The CBOD 5 test in question was set up on 3/10/2021 and should have come off on 3/15/2021. However the winter weather event that occurred on the 14<sup>th</sup> and 15<sup>th</sup> equaled 9" of snow and prevented lab staff from being able to travel to the utility to complete the test as scheduled. Therefore we will be reporting #3 CBOD 5 results for the month of February on our DMR instead of #4.

Thank you for your time.

Respectfully,

Mike Overstreet
