Re: State Construction Permit Number AR0050784C

Dear Mr. Richardson:

Enclosed is the public notice, Statement of Basis, and a copy of the draft construction permit that the Arkansas Department of Environmental Quality has prepared, as required by Act 163 of 1993.

All draft construction permits prepared by this Department must complete a 30 day public notice period. The enclosed public notice will be published by ADEQ in a newspaper of general circulation. Act 163 of 1993 requires the permit applicant to bear the expense of the notice's publication. Therefore, an invoice for the cost of publishing the public notice and proof of publication will be sent to you by the advertising newspaper. The permittee must send proof of publication and payment to:

Arkansas Department of Environmental Quality
NPDES-Water Division
P.O. Box 8913
Little Rock, AR 72219-8913
501-682-0622 Fax: 501-682-0910

Until this Department receives proof of publication of the public notice, no further action will be taken on the issuance of your construction permit.

Comments must be received at ADEQ prior to the close of the public comment period as shown in the enclosed public notice. Under the provisions of Act 163, all persons, including applicants, who believe any condition of a draft permit is inappropriate must raise all reasonably ascertainable issues and submit all reasonably available arguments supporting their position by the close of the public comment period.

Should you have any questions concerning any part of the draft permit, please contact the Arkansas Department of Environmental Quality, NPDES Branch, at (501) 682-0622.

Sincerely,

Steven L. Drown
Acting Chief, Water Division

**PUBLIC NOTICE OF DRAFT CONSTRUCTION PERMIT
CONSTRUCTION PERMIT NUMBER AR0050784C**

June 22, 2007

This is to give notice that the Water Division of the Arkansas Department of Environmental Quality (ADEQ) has developed a draft construction permit AR0050784C for the proposed construction of the wastewater treatment plant for the following facility:

Southside Public Water Authority
Wastewater Treatment Plant
1401 Batesville Blvd.
Batesville, AR 72501

FACILITY LOCATION: This facility is located as follows: Latitude: 35° 41' 02" Longitude: 91° 37' 20"; at the end of King George Road on west side of Hwy 167 approximately 6 miles south of Batesville in Section 10, Township 12 North, Range 6 West in Independence County, Arkansas.

DISCHARGE LOCATION: The discharge from this new facility will be made into Caney Creek thence to Salado Creek thence to the White River in Segment 4F of the White River Basin. The outfall is located at the following coordinates: Outfall 001: Latitude: 35° 40' 52"; Longitude: 91° 37' 22".

TYPE OF TREATMENT: The proposed construction will include grit removal, extended aeration activated sludge, secondary clarification, aerobic sludge digestion, followed by a traveling bridge gravity filter, UV disinfection and post aeration with a design flow of 0.25 MGD.

PUBLIC NOTICE: In accordance with Arkansas Pollution Control and Ecology Commission (APCEC) Regulation No. 8, the public notice will be published by ADEQ in a newspaper of general circulation for one (1) day only. The public comment period will begin on the date of publication and will end no sooner than 30 days from that date. Comments must be received at ADEQ prior to the close of the public comment period.

ISSUANCE OF THE FINAL PERMIT: The permit will become effective no sooner than 30 days after the close of the comment period unless comments are received and/or a public hearing is requested prior to July 23, 2007 requiring a delay of the effective date.

COMMENTS AND PUBLIC HEARING: Comments and public hearing procedures may be found in APCEC Regulation No. 8. All persons, including the permittee, who wish to comment on ADEQ's draft permitting decision must submit written comments to ADEQ, along with their name and mailing address. During the comment period, any interested person may request a public hearing by filing a written request which must state the technical issues to be raised. A public hearing will be held if ADEQ finds a significant degree of public interest. If a public hearing is held, ADEQ will issue a public notice of the hearing at least 30 days prior to the scheduled hearing.

After the public comment period, and public hearing, if one is held, ADEQ will issue a final permitting decision. ADEQ will notify the applicant and each person who has submitted written comments or requested notice of the final permitting decision. A final permitting decision means a final decision to issue, deny, modify, revoke and reissue, or terminate a permit. Any interested person who has submitted comments may appeal a final decision by ADEQ in accordance with the APCEC Regulation No. 8.

Submitting written comments to ADEQ or making oral statements on the record at the public hearing on the proposed permitting decision provides individuals with legal standing to appeal a final Department permitting decision. Comments supporting or opposing the proposed decision will provide legal standing. Only parties with legal standing may appeal a permitting decision.

PERMIT APPLICATION RECORD: The permit application and the administrative record is available for review and copying in the Central Records Section, ADEQ, State Police Headquarters, One State Police Plaza, near Interstate 30 and Geyer Springs, Little Rock, Arkansas.

WEB SITE INFORMATION: For those with Internet access, a copy of the proposed draft permit may be found on the Arkansas Department of Environmental Quality's website at:

1. CONSTRUCTION PERMITTING AUTHORITY

This permit is your authority to construct the wastewater treatment system in accordance with the permit application and plans and specifications which were received on 01/16/2007. This permit is issued subject to the provisions of the Arkansas Water and Air Pollution Control Act (Act 472 of 1949, as amended, Ark. Code Annotated § 8-4-101 et seq.) and Section 6.202 of Arkansas Pollution Control and Ecology Commission (APCEC) Regulation No. 6.

2. DISCLAIMER

This permit is issued in reliance upon the statements and representations made in the application and the plans and specifications. The Department has no responsibility for adequacy or proper functioning of the disposal system. Approval of the plans and specifications by the Department does not constitute assurance that the disposal system will achieve the effluent limitations required by the final NPDES permit, or that the discharge permit will be issued.

3. CONSTRUCTION PROPOSED IN APPLICATION

The following is a general description of the construction to be permitted, as described in the construction permit application. The proposed construction will include: grit removal, extended aeration activated sludge, secondary clarification, aerobic sludge digestion, followed by a traveling bridge gravity filter, UV disinfection and post aeration with a design flow of 0.25 MGD.

4. RECEIVING STREAM SEGMENT AND DISCHARGE LOCATION

The receiving waters are named: Caney Creek thence to Salado Creek thence to the White River in Segment 4F of the White River Basin. The outfall is located at the following coordinates: Outfall 001: Latitude: 35° 40' 52"; Longitude: 91° 37' 22".

5. PUBLIC NOTICE

In accordance with Arkansas Pollution Control and Ecology Commission (APCEC) Regulation No. 8, the public notice will be published by ADEQ in a newspaper of general circulation for one (1) day only. The public comment period will begin on the date of publication and will end no sooner than 30 days from that date. Comments must be received at ADEQ prior to the close of the public comment period.

This permit is your authority to construct the wastewater treatment system in accordance with the permit application and plans and specifications which were received on 01/16/2007. This permit is issued subject to the provisions of the Arkansas Water and Air Pollution Control Act (Act 472 of 1949, as amended, Ark. Code Annotated § 8-4-101 et seq.), and the following terms and conditions:

1. The permittee shall **notify** the Department when construction **begins**. The treatment/disposal system shall be constructed or modified in accordance with the final plans and specifications as approved by the Arkansas Department of Environmental Quality (ADEQ). In case any statement or representation in the aforementioned documents is found to be incorrect, this Approval may be revoked.
2. Within **thirty (30)** days of completion of construction, a Professional Engineer (PE) registered in Arkansas shall submit written certification to the Department (Enforcement Section of the Water Division) that the facility has been constructed or modified in accordance with the approved plans and specifications.
3. This permit is issued in reliance upon the statements and representations made in the application and the plans and specifications. The Department has no responsibility for adequacy or proper functioning of the disposal system. Approval of the plans and specifications by the Department does not constitute assurance that the disposal system will achieve the effluent limitations required by the final NPDES discharge permit, or that a NPDES discharge permit will be issued.
4. If the construction site will disturb in excess of one (1) acre, the permittee must comply with the terms of ARR150000 prior to the start of construction.
5. This facility is located as follows: Latitude: 35° 41' 02" Longitude: 91° 37' 20"; at the end of King George Road on west side of Hwy 167 approximately 6 miles south of Batesville in Section 10, Township 12 North, Range 6 West in Independence County, Arkansas.
