Jessica,

I looked by through my records and found that Outfall 003 was removed from coverage under ARG500065. It is now covered under IGP ARR000767. Outfall 004 is the only outfall covered under the ARG5000063 permit. The coordinates are 34 42'31.80 -92 27' 11.65". If you have any other questions I am happy to help.

Thanks,

Jeremy

Which of the outfalls on that map are intended to be covered by the ARG500063 permit? And can you send me the coordinates for any outfalls to be covered under this permit? I still don't think I have the right coordinates.

Thanks,
