Hey Jessica,  
Yes, the water in the ditch is only storm water not process water. All process water goes in the pond.  
Let me know if you need anything else.

Thanks

Mr. Moody,

Can you confirm that all process water for this facility goes to the sedimentation pond, and that none of the wash water bypasses the pond? I received a comment from management review about the ditch that appears to bypass the pond, so I just wanted to make sure that the water in the ditch is only stormwater, and not process water.

Thanks,  
Jessica Temple  
Engineer
