NOTICE OF INTENT

NPDES GENERAL PERMIT ARG6700000

HYDROSTATIC TESTING DISCHARGE

The attached form can be used by all persons desiring coverage under NPDES general permit ARG6700000 for Pipeline Hydrostatic Testing Discharge. The form should be completed and submitted to this Department no later than ten (10) days prior to the date coverage is desired. Unless notified in writing by the Director within ten (10) days of a **complete** submission, operators are authorized to discharge under this general permit. Authorized discharges must be in compliance with all conditions of the permit (**Request a copy if needed**).

In accordance with ADEQ Regulation No. 9, a permit fee of **\$200** must accompany this Notice of Intent at the time of submission. Failure to remit the required fee may be grounds for the Director to deny coverage under this general permit and require the owner or operator to apply for an individual permit.

All information must be provided. If a question does not apply, place "NA" in that space. Do not leave questions blank.

Be sure to read the Permit No. ARG6700000. It describes what constitutes coverage under this permit, effluent requirements, discharge limitations, and other standard conditions that are applicable to this permit.

40 CFR 122.22(b) states that all reports required by the permit, or other information requested by the Director, shall be signed by the applicant (or person authorized by the applicant) or by a duly authorized representative of that person. A person is a duly authorized representative only if the authorization is made in writing by the applicant (or person authorized by the applicant); the authorization specifies either an individual or a position having responsibility for the overall operation of the regulated facility or activity such as the position of plant manager, superintendent, or position of equal responsibility for environmental matters for the company; and the written authorization is submitted to the Director. This Notice of Intent must be signed by a person authorized under the provisions of state and federal law, and who should be familiar with the provisions of 40 CFR 122.22 pertaining to signatory authority. Be sure to read the Certification.

If you have any questions concerning the ARG6700000 permit information or Notice of Intent, please contact the General Permits Section of the Water Division at (501) 682-0623.

REMEMBER THE FOLLOWING:

1. The Notice of Intent (NOI) must be complete. Do not leave any question blank; use "NA" if a question is not applicable. Outfall information must be completed; it cannot be blank or "NA".
2. A map showing the location of the discharge points must be attached to the Notice of Intent at the time of submission.
3. Read the Certification.
4. A \$200.00 Check payable to ADEQ (Re: ARG6700000)
4. Please call the following number if you have any questions on this Form:

INSTRUCTIONS

I. How to Determine Latitude and Longitude:

1. If a physical address is known go to www.terraserver-usa.com.
2. Select Advanced Find
3. Select Address
4. Input address
5. Click on Aerial Photo
6. Click on the Info link at the top of the page
7. Note the Latitude and Longitude are in Decimal Coordinates.
8. Go to www.geology.enr.state.nc.us/gis/latlon.html to convert coordinates to Degrees, Minutes, and Seconds.

NOTE: If a physical address does not exist you may find the coordinates in the Legal Description of the property.

II. How to Determine your Hydrologic Basin Code for the Facility/Outfall:

1. Locate the county of your facility on the map on Page 5.
2. Find the numbered segment overlaying the county. For example 2C overlays most of Saline County.
3. Find the Eight Digit Hydrologic Basin Code located inside the numbered segment.

III. How to Determine your Stream Segment for the Facility/Outfall:

1. Locate the county of your facility on the map on Page 5.
2. Find the numbered Stream Segment overlaying the county. For example 2C overlays most of Saline County. 2C would be the Stream Segment for any facility located within that segment.

IV. **Signatory Requirements:** The information contained in this form must be certified by a responsible official as defined in the "signatory requirements for permit applications" (40 CFR 122.22).

Responsible official is defined as follows:

Corporation, a principal officer of at least the level of vice president, treasurer

Partnership, a general partner

Sole proprietorship: the proprietor

Municipal, state, federal, or other public facility: principal executive officer, or ranking elected official
