ARG670000 Notice of Intent for Operators Engaged in Hydrostatic Testing Located within the State of Arkansas

version 1.25

(Submission #: 2QY-A8ZZ-HYT5, version 1)

PRINTED ON 5/8/2017

Summary

Submission #:	2QY-A8ZZ-HYT5	Date Submitted:	4/20/2017 11:16 AM
Form:	ARG670000 Notice of Intent for Operators Engaged in Hydrostatic Testing Located within the State of Arkansas version 1.25 (Diamond Pipeline Project - White County)	Status:	Submitted
Submitted By:	Alex D Foster	Submission Creator:	Alex D Foster
Active Steps:	Enter Permit Status/Effective Date into PDS & NPDES database		
AFIN:	73-01281	Reference #:	ARG670879
Description:	ARG670879- Diamond Pipeline 7 of 11		

Notes

PUBLICLY ACCESSIBLE Processing Note

Mary Barnett on **05/04/2017** (*Misc. Note*)

The project is hydrostatic testing using stream water discharged through virgin materials at a rate of 0.3 to 0.9 mgd on a single day with no corrosion inhibitors and no PCB containing compressor lubricants. This project is not expected to have long term negative impacts to the downstream waters if conducted appropriately.

ADEQ Internal-Only Processing Note

Carrie McWilliams on **04/28/2017** (*Misc. Note*)

303d impaired Cat 5, Bayou DesArc zinc due to agriculture: 0.4 miles

Office of the Secretary of State

Certificate of Fact

The undersigned, as Secretary of State of Texas, does hereby certify that the document, Articles Of Conversion for Plains Pipeline, L.P. (file number 11400110), a Domestic Limited Partnership (LP), was filed in this office on November 16, 1998.

It is further certified that the entity status in Texas is in existence.

In testimony whereof, I have hereunto signed my name officially and caused to be impressed hereon the Seal of State at my office in Austin, Texas on April 20, 2017.

A handwritten signature in black ink, appearing to read "R. Pablos".

Rolando B. Pablos
Secretary of State

From: [Alexander D Foster](#)
To: [Temple, Jessica](#)
Subject: RE: ARG67 application for Plains Pipeline L.P.
Date: Thursday, April 20, 2017 12:03:13 PM

Jessica,

It seems that now that a permit has been made with outfalls within one county I was able to submit the permits on ePortal. I have also provided the Certificate of Fate from the State of Texas which is the form they provide as their Proof of Good Standing. I would like to pay for all the permits through credit card.

Also, would you please complete the permits for the follow 4 counties first:

- Cleburne County
- White County
- Prairie County
- St. Francis County

Also, this email confirms that we will only be discharging water from the hydrostatic tests. All water that will be used will come from natural waters of Arkansas. We will also be monitoring with the discharge in compliance with the permits if approved.

Thanks for your help,
Alex

It will not be an issue for the source water to be in a different county, as long as all of the discharges covered under one permit are in the same county.

Jessica,

Should the site map just display the pipeline and the discharge location? Some water sources will not be in the same county is this an issue?

Alex

Either email will work. The only two engineers that work on this type of permit are myself and Alex Kreps and we both are familiar with this permit.

Thanks.

Subject: RE: ARG67 application for Plains Pipeline L.P.

I will work to get this completed and sent in today through ePortal. If I run into the same issue I will send the summary as I did last time. Also should I send these files directly to you or the listed email on the NOI?

Thanks,

Alex

Sent: Thursday, April 20, 2017 7:39 AM
To: Alexander D Foster
Subject: ARG67 application for Plains Pipeline L.P. [External]

Alex,

I'm sorry that I have to keep being the bearer of bad news regarding this ARG67 application that you submitted for Plains Pipeline L.P.

Part 1.3.7 of the ARG670000 general permit states that "permittees who conduct hydrostatic testing at more than one location for a specific project may obtain project-wide coverage (i.e., more than one outfall) under this permit for discharges related to those testing activities provided the testing activities are all conducted within the same county."

This project covers multiple counties, so a separate permit must be obtained for the discharge in each county.

As far as the actual application that you submitted, there are a couple of items that need to be addressed.

- The permittee name must exactly match with the Arkansas Secretary of State. The permittee listed on the NOI is Plains All American Pipeline, L.P., which is not listed on the Arkansas Secretary of State's website. The project name of Plains Pipeline L.P. is listed on the Arkansas Secretary of State's website however.
- We also need proof of Good Standing in the State of Origin, if other than Arkansas. If the permittee name is supposed to be Plains Pipeline, LP, we will need proof of Good Standing from the Texas Secretary of State. If the permittee name is supposed to be Plains All American GP LLC (which is the closest thing I could find to Plains All American Pipeline, L.P.), we will need proof of Good Standing from the Delaware Secretary of State.
- Please confirm the following:
 - The discharge will contain only water used for hydrostatic testing.
 - There will be less than 0.1 mg/l of chlorine in the discharge.
 - There are no substances that are not monitored by the effluent limits in the permit.

Please let me know if you have any questions or concerns. I will be in meetings almost all morning, but I will get back with you as soon as possible.

Thanks,
Jessica Temple, PE
