Re: Response to NPDES Permit #AR0021466 "Activity" 1 Requirements

Dear Mr. Yardley:

A review of the City's NPDES Permit Part III Condition 9 item #2, "Activity" 1 submittal has been completed. Based on information from that industry survey, NPDES compliance history and other information, development of an approved Pretreatment Program by the City does not appear warranted at this time.

Alma's NPDES Permit, Part III, Condition 9, item 2, "Activities" 2 (beginning on page 16 of Part III) through "Activity" 7.6. (page 19 of Part III, milestone schedule for development of an approved Pretreatment Program) are hereby deleted from the Permit (apologies for the confusing numbering system employed).

If there are any questions, please feel free to contact this office. This notification deleting specific permit requirements should be filed with your NPDES Permit for reference.

Sincerely,

Chuck Bennett
Chief, Water Division
