Re: City of Van Buren Pretreatment Program Audit Response & TBLL/MAHL Development
(Permit No. AR0021482, AFIN 17-00062)

Dear Mr. Smith:

In reference to Van Buren Municipal Utilities (VBMU) letters dated July 12, 2012 (WER development) and August 6, 2012 (Pretreatment Audit Response), VBMU has concluded that local limits are not necessary at this time.

Since VBMU has decided not to develop local limits at this time and has demonstrated that local limits are not necessary, no further efforts on local limits development are required at this time. Please be advised, Part II.12.b on page 9 of the NPDES permit requires VBMU to re-evaluate the need for local limits based on any changes to the City's SIUs. This will be reviewed by the Department on an annual basis along with the submitted annual report.

If you have any questions or concerns, please contact the Department at (501) 682-0626 or torrence@adeq.state.ar.us.

Sincerely,

Rufus Torrence,
ADEQ Engineer
