James,

As per your request, please file this allowance with your permit. Future permits appropriate for city's such as yours will include the following language:

The permittee may choose to compile all analysis/reports required above and submit them on the attached form(s) at the end of the twelve (12) month period.

Thank you for bringing this to my attention,

Allen Gilliam
ADEQ State Pretreatment Coordinator

Date: February 27, 2006

ADEQ State Pretreatment Coordinator
Allen Gilliam

Ref: CITY OF OSCEOLA
Permit # AR0021580

Allen Gilliam

On page 11 part 3 of our permit at,

9. Contributing Industries and Pretreatment Requirements
Reading the C. section,

As the City of Osceola Wastewater Superintendent

I'm requesting that our reporting frequency be changed from once/month to once/year and at that time the City of Osceola would submit one final report.

Thanks
James N. Carlock
Wastewater Supt.
