March 10, 2011

Jimmy Smith, Pretreatment Inspector  
Searcy Water and Sewer System  
300 North Elm Street  
Searcy, Arkansas 72145-1319

Re: City of Searcy 2010 Pretreatment Annual Report  
(Permit No. AR0021601, AFIN 73-00055)

Dear Mr. Smith:

The Department has reviewed the City's 2010 Annual Report and the report has been deemed "complete". Nonetheless, the report did not contain all the required information.

Please note that the Water Quality Standard/Level for Arsenic is 1596.7 µg/l and for Beryllium is 30.5 µg/l.

The City listed three (3) NOV's on Attachment C. The City must list the Industrial User(s) which received the NOV's on Attachment B.

The Department appreciates the City's continued efforts in annual reporting. The City will not be required to submit additional information at this time.

If you have any questions or concerns, please contact the Department at (501) 682-0626 or by email at [torrence@adeq.state.ar.us](mailto:torrence@adeq.state.ar.us).

Sincerely,

Rufus Torrence, Pretreatment Engineer  
Water Division
