Ms. Belcourt,

I replied to your email below on July 21, 2023. In the reply I stated, "Due to the long lead times of test results, the estimated time of completion is December 31, 2023. If additional time is needed, the extension date deadline will be June 30, 2024." I hope this is sufficient. Please let me know if I need to do anything else.

Thank you,

Subject: Arsenic Plan to Identify

Ms. Belcourt,

I have attached a letter indicating our plan to identify the high loading of arsenic that is present in our wastewater. If there is anything else I need to do, please let me know.

Thank you,
