Dan,

The Department will accept your email below as the "30-day response". The Department has not placed a deadline on the amount of time which pretreatment cities have to adopt a new pretreatment ordinance. However, the Department appreciates each City diligence in adopting the ordinance and updating the program narrative.

The Department appreciates the City of Searcy's efforts.

Sincerely,

Rufus Torrence, ADEQ

Rufus:

We are in receipt of your written audit report. One question regarding our response: your cover letter says to "respond to required actions....within thirty days" and the only thing we can find in Section B) pertains to updating our legal authority to incorporate the Streamlining Regulations, which we are doing, as you know. I doubt that this can be completed before the end of this calendar year, so what sort of response is necessary within the 30-day response period?
