John,

Thank you for your submittal. The subject certification letter adequately satisfies the requirements of Part I.B.1 and Part II.9.B of NPDES Permit AR0021750.

If you have any questions or concerns, please feel free to contact me.

Kindly,

Subject: City of Fort Smith TBLL signed written certification

Adam,

Attached is the written certification letter for our technically based local limits (TBLLs) that is tied to our Massard NPDES Permit. The permit has an effective date of March 1, 2021, so the written certification meets the 60 day deadline.

Could you also send a written response back for our own record keeping purposes.

If you have questions, or need me to provide anything else, please let me know.

Thank you,

John Hancock
Environmental Monitoring Supervisor
City of Fort Smith Utility Department
