Subject: AR0021750_Fort Smith March 2015 Notification of technical eval revising current TBLL_20150311
Attachments: doc06432720150310140901.pdf

Steve and Lance,

Fort Smith's "written notification that a technical evaluation revising the current TBLL will be submitted within 12 months of the effective date of this permit" was received and will be filed on ADEQ's internet viewable drive.

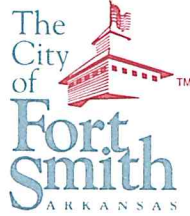

This notification satisfies NPDES #AR0021750, Page 1 of Part IB, Section B., paragraph A.(2).

Fort Smith's technical evaluation to revise its current technically based local limits (TBLL) will be due on or before February 1, 2016.

Sincerely,

Allen Gilliam
ADEQ State Pretreatment Coordinator

RE: NPDES Permit Number AR0021750, AFIN 66-01652, TBLL Evaluation

Dear Ms. Carpenter:

This written notification constitutes the City of Fort Smith's requirement to notify ADEQ within sixty (60) days of the effective date of the Massard Wastewater Treatment Facility's NPDES Permit (Permit Number AR0021750, AFIN 66-01652) that the City is actively involved in a technical evaluation revision of the current technical bases local limits (TBLL), and that evaluation will be submitted within 12 months of the effective date of the permit.

Our staff has been working with ADEQ staff in performing the TBLL evaluation as part of the City's Pretreatment Program requirements.

If you should have any questions, please do not hesitate to contact me.

Sincerely,

Steve Floyd,
Superintendent of Operations
