Subject: Defiance Metal (ARP001047) 11-09 Semi-Annual Report Response

Dear Bob and Tim,

Your last semi-annual report was reviewed, deemed complete and compliant.

Bob? You've mistakenly reported August as being in violation of the monthly avg. With your in-house capability of conducting daily (if necessary) analyticals, the regs allow you to average ALL the results within a month's period. Therefore, as you've correctly averaged on the summary sheet, the Zn monthly average of 1.4987 mg/l and should have been reported as such on the August monthly report. You have not exceeded the monthly average.

Side note: I'd keep a close eye on your nickel sources as they are nearing regulatory avg monthly limits.

Sincerely,

Allen Gilliam
