**Subject:** AR0022381\_Saint Jean ARP001050 Nov 2014 semi annual Pretreatment no discharge report with ADEQ reply\_20141215  
**Attachments:** Saint Jean Nov 2014 Semi Annual-Report.PDF

Tim,

Saint Jean Industries' November 2014 semi-annual Pretreatment report was received on 12/4/14, reviewed and deemed compliant with the reporting requirements in 40 CFR 403.12(e).

You have certified Saint Jean has not discharged any regulated wastewater to the City of Heber Springs' collection system from 5/1/14 through November 30<sup>th</sup>, 2014.

In future correspondence, please make note the proper regulatory citation your wastewater is Federally regulated under. It has been determined Saint Jean Industries falls under 40 CFR 467.46, the Aluminum Forming Point Source Category, Subpart D – Forging Subcategory, Subpart D – Solution Heat Treatment Contact Cooling Water.

Please notify this office and the appropriate City wastewater officials in writing thirty (30) days prior to the anticipated date Saint Jean may discharge regulated wastewater from its “closed loop cooling” system. This office’s records indicate it has been more than seven (7) years since this dedicated “closed loop cooling” system’s vault (containing the solution heat treatment contact cooling water) has been completely discharged for sediment clean-out.

Thank you for your timely certified report. No further action is deemed necessary at this time.

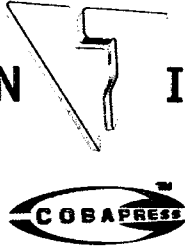

Sincerely,

Allen Gilliam  
ADEQ State Pretreatment Coordinator

December 1, 2014

To: Allen Gilliam-ADEQ Pretreatment Coordinator

The Saint Jean Industry Facility in Heber Springs AR, has not discharged any regulated wastewater (CFR Title 40, Volume 27) for the period of May 1, 2014 through November 30, 2014.

I certify under penalty of law that I have personally examined the facility's waste water program, and can confirm, as the facility Maintenance Department Leader, and understand that all wastewater associated with our processes are contained in a closed-loop cooling system with "0" discharge.

I believe that this information is true, accurate and complete. I am aware that there are significant penalties for submitting information, including possibility of fine and imprisonment.

Please contact me with any questions/concerns.

A handwritten signature in black ink that reads 'Tim Wozny'.
